In 1959, the Amador Water Agency was formed for the purpose of providing water and wastewater services to the residents of Amador County.

The Board sets the overall policy for the Agency operating on a Committee system of government which focuses on policy and “big picture” issues, while directing the General Manager to carry out those decisions. The General Manager is responsible and accountable for the implementation of the goals and objectives of the Agency as well as supervising the day-to-day operations.

Calendar of Events
