*Hospice of Amador and Calaveras*

Hospice has cared for patients and families primarily in Amador & Calaveras Counties since 1982. Hospice is a concept of care that treats the person, not the disease, and emphasizes quality of life, not the duration.

Hospice of Amador and Calaveras works to meet the needs of those nearing the end of their lives. Hospice care neither hastens nor postpones death but exists in the hope and belief that through appropriate care, patients with life-limiting illnesses may live their remaining days pain-free and with dignity, and their families may accept and find their own new beginnings.

Hospice of Amador and Calaveras provides the treatment and care necessary for physical, emotional and spiritual well-being, either at home, or in a board-and-care or skilled-nursing facility. The services offered are covered by most private insurance plans, Medicare and MediCal, but they accept patients regardless of their ability to pay.

**This and That**

Not much of "this and that" this week. We did get our Rotary stuff moved to the container at the fairgrounds, and we found the cash register.

Meeting attendance was very poor this last week. Please, try and be at the meetings. Rick is working hard to make the meetings interesting by his selection of speakers and we have few people to hear what they have to say.

**Our Four Way Test**
